

User Name and Password:

For access to the GeoVera quoting system OR to reset your password, please send an email to GeoveraSetups@nrsinsurance.com.

In your email, please include the following information:

- Assigned producer number with NRS or Agency name, address and phone number
- First and last name of user
- Email address of the user

After your request has been processed, you will receive an email from info@mygeosource.com. The link provided in the email will direct you to the site so that you may enter a new password. Please note, this link is temporary and can only be clicked on once for security purposes.

If you have requested to reset your password, you will need to go to the NRS website and re-enter your GeoVera User ID and NEW Password.

The screenshot shows the National Risk Solutions website. At the top, there is a search bar for 'NRS Product' and contact information: 'Call NRS 1-866-417-4855' and 'Instant Phone Quote 1-888-875-1969'. The main navigation menu includes 'PRODUCTS', 'APPLICATIONS', 'NRS NEWS', and 'WHY NRS'. The central banner features a man in a suit (Agent Don Johnson) and a testimonial: "Unlike other companies that offer very limited homeowners coverage for coastal communities, GeoVera offers affordable coverage designed to protect my clients at their time of loss." Below the testimonial is a 'Quote Homeowners' button, which is circled in red. On the left side of the banner, there is a vertical menu with 'GeoVera', 'Maximus', and 'Why NRS', where 'GeoVera' is also circled in red. The footer contains 'NRS Products' and 'Get Appointed' buttons.

***Important:** You must be appointed with NRS in order to quote with GeoVera. If you are not currently appointed, please download the Appointment Package located on the Home page of the NRS website.
